

PROCUREMENT PERFORMANCE MANAGEMENT

Every procurement team seeks to optimally plan, manage, and report on their performance. Unfortunately, most are using disconnected tools and approaches not designed for procurement's needs.

Per Angusta's PPM platform is the overarching hub used every day to help improve procurement's strategic planning, operational pipeline oversight, and ongoing value measurement.

ELEVATE PROCUREMENT'S IMPACT

- ✓ Easily **collaborate to track all projects** and risks to make better decisions faster
- ✓ Discover **new value-creating opportunities** to improve business outcomes
- ✓ Confidently **measure and show procurement's impact**
- ✓ Quickly apply best practices to **advance your team's project skills and achievement**

ROBUST CAPABILITIES UNDER ONE ROOF

Opportunities

Identify, assess, and approve new projects using data from spend intelligence, contracts, and more.

Pipeline

Gain a current view of all projects and progress status, re-prioritize, and take action on risks and flagged items.

Savings & Value

Always know your status vs goals. Get auditable reports showing final outcomes.

Contracts

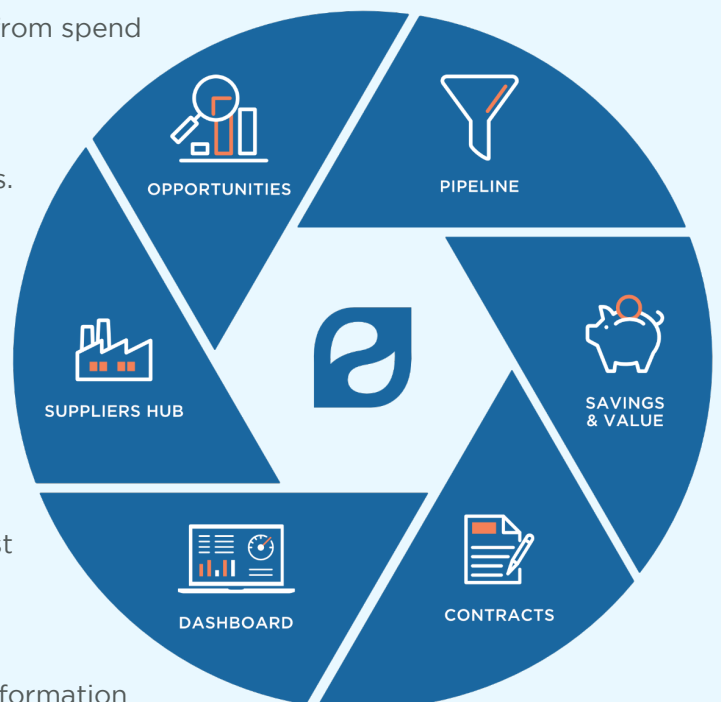

Get a unified view that's actionable, such as proactively managing expiring contracts and identifying consolidation opportunities.

Performance Dashboards

Create customizable views to better track value against goals, manage resources and plans, and promote your impact.

Supplier's Hub

Save time by accessing integrated, relevant supplier information such as projects, scorecards, contracts, spend, or external data sources.

HOW PROCUREMENT BENEFITS

Drive More Ongoing Value

Identify opportunities to reduce spend, cut risk, boost quality and meet goals.

Improve Planning and Goals

Get better insights to set the right plans and goals and actively track progress.

Optimize Resourcing

Easily set and adjust project priorities, so your team knows exactly where to focus.

Deliver Transparency and Collaboration

Bring stakeholders together by providing visibility and capturing their input.

Know the Results

Get indisputable, auditable reports that measure your impact. Be alerted to bottlenecks and threats.

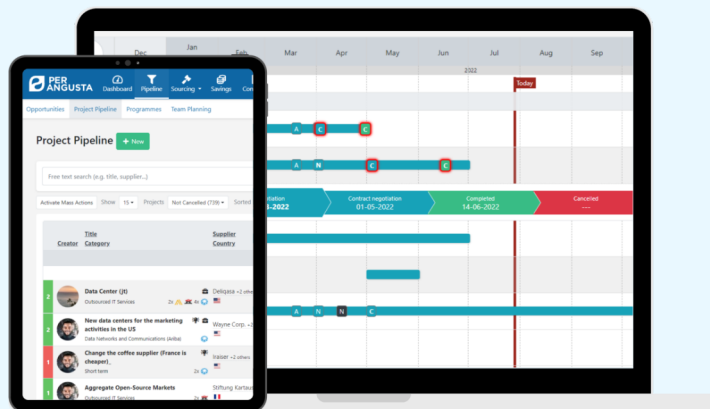

Communicate with Trust

Confidently share clear reports with Finance and get their sign-off.

WHY PER ANGUSTA?

After 10 years and 140+ global customer implementations, here are top reasons customers say they select us over other approaches and offerings:

- ✓ Purpose-built for Procurement, by Procurement practitioners
- ✓ Ever-evolving SaaS platform as feature enhancements reflect and benefit all users
- ✓ Rapid time-to-value thanks to non-disruptive implementation, integration, and onboarding
- ✓ Best practices embedded in the product and our ongoing support for customers
- ✓ Integrate with 30+ existing procurement apps or use as stand-alone solution
- ✓ Intuitive user interface and flexible configuration options to work for you
